IMPACT 2021 - Intentional LIFE

Where the gospel is seen in everyday situations.

Where our faith comes off the pages of the Bible and into our real life.

Where theory and concept leave the four walls of the church and find expression through us to others.

The **Cross** purchased our freedom

The **Resurrection** established our identity

The **Holy Spirit** empowers us to live out our purpose.

Our **Faith** guides us to make a difference.

The Cross represents the power of God to take the story you see BE completely different from the story that is.

The story in the cross of Jesus.

The story that was seen: Failure to bring about the will of the people and His disciples.

The story that is: Success in fulfilling God's plan.

The story that was seen: Jesus fell into every trap of the Pharisees and Sadducees. (manipulating Judas and the crowd, unlawful court proceedings, abuse of power, etc.)

The story that is: Every trap satisfied Messianic prophecy proclaimed hundreds of years earlier.

The story that was seen: Jesus died, and all hope was lost.

The story that is: Jesus died so we can have life. Jesus resurrected so we can enjoy life!

2 Kings 5:1-2

HER STORY - Taken against her will, forced into slavery, never to see her family. She has been prepped to live a life of bitterness and anger.

Heb. 12:15

YOU HAVE A CHOICE!

SHE chooses not to let her story define the direction of her life.

She takes advantage of an opportunity to bring God into the conversation.

2 Kings 5:3

TIFAW: I choose to go beyond my own story so I can be part of God's story in others.
